When the membership of the West Virginia Chamber of Commerce gathers at The Greenbrier next week for the 83rd Annual Meeting and Business Summit, "Celebrate Success" will be the theme that dominates the meeting.

Recent economic releases from the U.S. Bureau of Economic Analysis show that West Virginia leads the nation in both GDP Growth and Personal Income Growth. Additionally, more than 25,000 jobs have been created in West Virginia in the last year, bringing total employment in the Mountain State to its highest levels since 2008.
Online registration for the West Virginia Chamber's 83rd Annual Meeting and Business Summit ends at midnight tonight! Record crowd expected! Over 1,000 people have already registered!

The event will begin on Wednesday, August 28, at 11:00am and conclude Friday morning, August 30. Click here to view this year's agenda and see our full list of featured speakers. If you have not yet registered for this event, click here before midnight!

Walk-in registration will be available at the registration desk.

We look forward to seeing you at The Greenbrier!

**Interactive map shows road work around West Virginia**

**WV MetroNews** - The state Department of Transportation has released an interactive, web-based map that shows every road project going on across the entire state. The map also provides real-time statistics on how much road work has been completed across a variety of categories, including Gov. Jim Justice's secondary roads maintenance initiative and Roads to Prosperity program. The map is debuting as attention remains focused on efforts to improve West Virginia's roads. Multiple counties - particularly Preston, Hancock and Marshall - have declared emergencies over their road conditions.

**Morrisey, attorneys general reach agreement with phone companies over robocalls**
**WV MetroNews** - Another step in fighting illegal robocalls has been taken in a joint effort by 51 attorneys general and 12 phone companies. West Virginia Attorney General Patrick Morrisey joined the bipartisan, public-private agreement that will result in the phone companies adopting eight principles to fight robocalls. "What's really good about this announcement is this allows us to go after fraud even more aggressively," Morrisey said in a released video. "We are going to be able to help power consumers to get access to the technology that the phone companies have had."
